Helpful Health Information Medical experts tell us that the best way to prevent colds, flu or gastrointestinal illnesses - such as a Norovirus that can be transferred easily through person-to-person contact - is to simply wash your hands thoroughly with soap and warm water after toilet breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. According to the US Centers for Disease Control and Prevention, Noroviruses affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold. Should you experience any gastrointestinal illness, please visit the ship's medical facility for a consultation and treatment if necessary.

Compulsory Guest Assembly Drill At the sound of the ship's whistle and alarm bells, proceed to your Assembly Station (your Assembly Station number is printed on your SeaPass card as well as your WoW Band) at approximately 4:00 pm, Decks 4, 5.
